

Forester's Report 10 28 2016

Two burning permits were issued during October with cautions about possible dry leaves.

Planted 6 Princeton elms near wildflower areas along Salem Church Road.

Cleared debris from Sunfish Lake overflow outlet three times. It only takes a twig and a few leaves to restrict the water outflow. Have also cleared debris from Horseshoe Lake outlet several times.

Seeded five new wildflower areas along Salem Church Road.

Consulted with residents regarding oak wilt, high water levels, lake weeds, and how our wet summer affected trees.
