

**CITY OF SUNFISH LAKE  
DAKOTA COUNTY, MINNESOTA**

**RESOLUTION NO. 16-\_\_\_\_\_**

**RESOLUTION COMBINING CITY PROJECT NO. 2016-02 (ROANOKE ROAD) AND  
CITY PROJECT NO. 2016-03 (SALEM CHURCH ROAD) INTO ONE PROJECT TO BE  
NAMED: 2017-01 STREET IMPROVEMENT PROJECT (ROANOKE ROAD  
OVERLAY AND SALEM CHURCH ROAD RECONSTRUCTION)**

**WHEREAS**, Minnesota Statute § 429.041, Subd. 1 allows a city to combine two or more improvements in a single set of plans and specifications or a single contract.

**WHEREAS**, Minnesota Statute § 429.021, Subd. 2 further allows a city to combine two or more improvements in the same project and to consider the combined improvements in one project as a single proceeding under Chapter 429 of the Minnesota Statutes. Minnesota Statute § 429.021, Subd. 2 states:

Subd. 2. Combining Improvements. An improvement on two or more streets or two or more types of improvement in or on the same street or streets or different streets may be included in one proceeding and conducted as one improvement.

**WHEREAS**, the City of Sunfish Lake has been studying and evaluating City Project No. 2016-02 (Roanoke Road) and has ordered a feasibility report for this particular project. This project involves, among other things, a two inch overlay placed on top of the existing pavement.

**WHEREAS**, the City of Sunfish Lake has been studying and evaluating City Project No. 2016-03 (Salem Church Road) and has ordered a feasibility report for this particular project. This project involves, among other things, a full depth mill (bituminous reclamation) of the existing bituminous surface of Salem Church Road and placement of four inches of bituminous surfacing, shouldering, roadside swale grading, turf restoration, drainage and culvert improvements and appurtenances and driveway reconstruction.

**WHEREAS**, the two projects identified above have similar elements and improvements and both projects are anticipated to be constructed in the 2017 construction season. Since both projects have similar improvements, it appears that cost savings can be achieved by combining both projects into a single public improvement under Chapter 429.

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF  
SUNFISH LAKE THAT:**

1. Pursuant to Minnesota Statute § 429.041, Subd. 1 and Minnesota Statute § 429.021, Subd. 2, City Project No. 2016-02 (Roanoke Road) and City Project No. 2016-03 (Salem Church Road) are hereby combined into a single project and proceeding under Chapter 429 and shall hereafter be conducted as one improvement. Without limiting the foregoing, there shall be one feasibility report, one public hearing to consider ordering the project, one construction contract, one assessment roll (with different assessment amounts for different components of the project) and one assessment hearing. There shall be an assessment amount for the overlay on Roanoke Road and a different assessment amount for the restoration on Salem Church Road. The name and title of the resultant single project shall be 2017-01 Street Improvement Project (Roanoke Overlay and Salem Church Road Reconstruction).

Adopted by the City Council of Sunfish Lake this 1<sup>st</sup> day of November, 2016.
