Memo

To: David Neameyer SFL Building Official
Rick Faint Contractor
From: Ron Wasmund SFL Septic Inspector
Date: December 27, 2011
Subject: 3 Acorn Drive

At the request of the homeowner and contractor I have reviewed the existing septic system at the address of 3 Acorn Dr. in the City of Sunfish Lake. After review of the disclosure documents in which the drainfield is described as 900 square feet; a 2004 Compliance Inspection reporting form confirming a 1250 septic tank and a 1250 gallon pump tank; the same report showing 3 feet of vertical separation between the bottom of the rock trench system and the end of boring with no limiting layer; and having been part of a site consultation when the compliance inspection was performed in 2004 I conclude that there is sufficient drainfield to handle the additional flow created by the addition of the fifth bedroom to this home.

The current tank capacity requirement for 5 bedrooms is 1500 gallons with no garbage disposal or other appliance with garbage grinding abilities such as a dishwasher. If one or more of these appliances are present the tank capacity must be increased by 50% and must include multiple compartments. If one of these appliances is present at this dwelling, total septic tank capacity of 2250 gallons is necessary for the additional bedroom.

The tanks at this residence are buried with 7 feet or more of cover. There is a narrow strip of yard between the house and a landscape retaining wall where the tanks are located. Installing an additional tank would surely destroy the brick paver patio and the retaining wall.

There are currently 4 people occupying the dwelling with the potential for 1 more with the addition of the bedroom as proposed.

It is my recommendation to monitor the actual water usage with a water meter or sewage flow meter to determine the amount of daily flow. If the actual usage is at or above the design flow of 150 gallons per bedroom per day then a second septic tank with additional 1000 gallon capacity must be installed. If the actual flow is 450 to 600 gallons per day I would recommend a monitoring and mitigation plan be presented and work with the existing tank capacity. Continued pumping every two years and water conservation will help mitigate the turbulence in the tanks and solids being pumped to the drainfield.

CITY OF SUNFISH LAKE
STORM WATER POLLUTION
PREVENTION PROGRAM
(SWPPP)**

A public meeting will be held on Tuesday, April 3, 2012, at 7:00 p.m. at St. Anne's Episcopal Church. The purpose of this meeting will be to review the City of Sunfish Lake's Storm Water Pollution Prevention Program. The Storm Water Pollution Prevention Program Plan (SWPPP) is a document required by the State and Federal governments that outlines how the City will work toward reducing pollution in rainwater runoff. This Plan will be reviewed at the meeting and public comment received. Attendance from City residents is strongly encouraged, as the City seeks your input into the Storm Water Pollution Prevention Program. For more information, please feel free to contact Donald Sterna, P.E., City Engineer, at 763-287-7189.

Mike Blair, Treasurer
City of Sunfish Lake
13677 Crosscliffe Place
Rosemount, MN 55068

Dear Mike:

Enclosed is a check for \$1,236.08, which constitutes 25% of Franchise Fees collected from Comcast for fiscal year 2011, pro-rated for the number of subscribers in your city. Also enclosed is a worksheet showing the calculation of this payment.

I would advise a conservative estimate of a similar payment amount to your city in March 2013 (fiscal year 2012).

In 1994 the NDC4 Cable Commission passed a resolution encouraging Member Cities to use these cable company franchise fees for cable-related purposes (copy enclosed). There are several cable-related projects at which your city may wish to direct these funds. One of the provisions in the renewed Cable TV Franchise Ordinance is the Institutional Network, or I-Net. Some NDC4 Member Cities have used their cable Franchise Fees for end-user equipment and other I-Net related costs. Cities have hired Town Square Television to produce high quality custom video programs for special grant proposals, citizen education and outreach.

Several cities have agreed to participate in the NDC4 web streaming project to make council meetings and other government programs available on the Internet. These cities will receive a request for reimbursement for agreed-upon 2011 web streaming costs next week.

With the ongoing convergence of the voice, video, and data industries and recent activity at the FCC and the state legislature, it makes even more sense for cities to earmark the funds for cable-related purposes from a public policy standpoint.

Please feel free to call Jodie Miller (651) 450-9891 if you have any questions about the check or the other enclosures.

Sincerely,

NORTHERN DAKOTA COUNTY

CABLE COMMUNICATIONS COMMISSION

NOTE: Cities are strongly encouraged to use franchise fees revenues for cable- and/or right-of-way related purposes.

* These three cities have agreed to participate in NDC4 city meeting web streaming project and will be receiving requests for reimbursements around 3/31/2012 for costs relating to web streaming project.

RESOLUTION REGARDING USE OF NDC4 FRANCHISE FEE PAYMENTS

1-6-1994 (8)

WHEREAS, the Northern Dakota County Cable Communications Commission ("NDC4") is a Minnesota Joint Powers Commission created pursuant to Minn. Stat. Sections 238.08 and 471.59 as amended, to include the Cities of Inver Grove Heights, Lilydale, Mendota, Mendota Heights, South St. Paul, Sunfish Lake, and West St. Paul, ("Member Cities"); and

WHEREAS, the NDC4 was formed as a Joint Powers Commission to assist its Member Cities in the franchising of a cable communications system to serve the Member Cities; and

WHEREAS, the NDC4 collects from Continental Cablevision, Inc. ("Continental") franchise fees in the amount of five percent (.5%) of Continental's gross revenues pursuant to the Franchise Agreement between NDC4 and Continental; and

WHEREAS, the NDC4 has used franchise fee revenue, paid by cable television subscribers, to administer the franchise, enforce Continental's franchise obligations and provide quality local community television services to the Member Cities; and

WHEREAS, the NDC4 believes that the public has benefited significantly and has been served through NDC4's use of franchise fee revenue for these cable-related purposes; and

WHEREAS, in December of 1993 the Member Cities of the NDC4 passed an Amended Joint and Cooperative Agreement to include the following provision:

Section 5. Franchise Fees. The franchise ordinance adopted by the member municipalities shall provide that the Commission shall collect all franchise fees paid by the cable communications company. The following percent of franchise fees derived from each city based upon their total number of cable subscribers shall be paid by the Commission to that City each year: 1993 and 1994 - ten percent (10%) distributed to each member municipality based upon their total number of cable subscribers. Provided, however, that the 1993 payment to the Cities is conditional and may be held in escrow by the Commission until February of 1994, and then paid to the Cities of no unforeseen operational expenses are incurred by the Commission in 1993, requiring the Commission's retention of said monies for said expenses. For the years 1995 through 1999 - fifteen percent (15%) of the franchise fees derived from each city shall be paid by the Commission to the member municipalities based upon their total number of cable subscribers. The above distributions to the member municipalities shall be made on an annual basis within sixty (60) calendar days of the fourth (4th) quarter franchise fee payment made by the cable company to the Commission and based upon cable company subscriber numbers determined each December.
