

Forester's Report 8 2 2015

No burning permits were issued during August.

Spot sprayed burdock and thistles along Charlton Road from St. Anne's to the sharp turn near the Lake.

Sprayed wildflower demo space with Roundup to prepare for fall seeding.

Surveyed vegetation along west side of Coss driveway, noted information on landscape map and forwarded to the Planner. Had a discussion with Dan Lee about the same.

Met with owners of 27 Sunnyside Lane regarding tree preservation issues with respect to a potential home teardown and rebuild at that location.

Consulted with various residents on burning permit and tree issues.
