Forester's Report 5 27 2021

One burning permit was issued during June.

Resident consultations at 2152 and 2154 Charlton Road, 300, 340, 350 and 389 Salem Church Road and 1, 2 and 9 Sunfish Lane. Discussions included tree species and characteristics, lake water pumping, lake water levels, invasive species removal, emerald ash borer, etc.

Checked City trees along City streets twice during the month and monitored lake outflow of Sunfish, Hornbeam, and Horseshoe Lakes. No outflow was occurring recently from any of our three lakes, in fact they are all down to at least 1 foot below the normal high water marks.

Lake water samples have been collected from our volunteers for delivery to the testing lab.

Pruning for street sign visibility occurred near the corner of Salem Lane and Salem Church Road.
