

Item 7b.**Sunfish Lake Engineer's Report for June 6, 2023**

By: Jeff Sandberg, PE
City Engineer

Date: May 31, 2023

1. Engineering Activities Undertaken in the Month of May

The following Engineer's Report reflects the Engineering activities undertaken this past month.

2. Building and Site Reviews in the Month of May

A. Staff conducted reviews for the following properties this past month:

- 114 Salem Church Road – Staff received a wetland report. It is anticipated this application will be forthcoming in the next few weeks.
- 10 Acorn – Staff reviewed a permit request from Xcel Energy to repair/improve electrical service to this property.
- 2144 Charlton Road – Staff reviewed the application for expanding a garage.
- 205 Salem Church Road – Staff reviewed additional information related to wetland determination and an updated tree replacement plan.
- 410 Salem Church Road – Staff reviewed the wetland Notice of Decision and final report for this application.
- 32 55th Street – Staff reviewed updated information related to raising the structure by 1.5'.

3. Public Works Activities Undertaken in the Month of May

A. 2023 Contract for City Snow Plowing Services – Staff coordinated with Executive Contractors for the new 3-year contract with the city. The City Attorney will review the contract with the City Council as another item on the council agenda.

4. Anticipated Engineering/Public Works Activities for the Month of June

A. No Solicitation Signage – Staff ordered the street signage per the City Council direction. When they arrive, staff will coordinate installation in the agreed-upon locations.

The above constitutes the Engineering Report for the City of Sunfish Lake for June 6, 2023.

Respectfully submitted,

Jeffrey S. Sandberg, PE
City Engineer
