Forester's Report 7 27 2023

A very quiet July for Forestry.

No burning permits were issued during July.

Property owner and landscaper tree concern discussions for 114 Salem Church Road and site visit.
Consultations with Planner on the same.

Recent rains were welcomed however a some residents experienced tree failure or large branch breakage during the wind and rain overnight on July 25-26. No City trees or street trees had significant damage. Continue supplemental watering for young trees especially if we go into a prolonged dry period like last summer.

Monitored of outflow of Sunfish, Hornbeam, and Horseshoe Lakes and no outflow was occurring from any of our three lakes.
