

Item 7.**Sunfish Lake Engineer's Report for October 3, 2023**

By: Justin Messner, PE
City Engineer

Date: September 22, 2023

1. Engineering Activities Undertaken in the Month of September

The following Engineer's Report reflects the Engineering activities undertaken this past month.

A. No new engineering activities were undertaken in September.

2. Public Works Activities Undertaken in the Month of September

A. No new engineering activities were undertaken in September.

3. Building and Site Reviews in the Month of September

A. Staff conducted reviews for the following property this past month:

- 100 Wind Hill Road – Staff met on site and conducted a walkthrough of the project with the applicant's Project Manager, Engineer, and Builder to review the project for issuance of the CO. All turf establishment and trees have been installed. The grading as-built has been received and grades verified with the approved plan. Final testing results of the infiltration basins have been received and both basins surpassed the required infiltration rates. Staff has recommended the issuance of the CO.

4. Anticipated Engineering/Public Works Activities for the Month of October

A. No new activities are planned for the month of October at this time.

The above constitutes the Engineering Report for the City of Sunfish Lake for October 3, 2023.

Respectfully submitted,

Justin Messner, PE
City Engineer
