Forester's Report 12 31 2025

Hornbeam Lake, Sunfish Lake and Horseshoe lakes had no outflow out on New Years eve 2025.

One burning permit was issued in December.

Data for the Tree City USA annual reapplication was collected, organized, and submitted to the National Arbor Day Foundation for our designation as a Tree City USA in Minnesota.

Responded to questions from residents concerning the annual deer management hunt, coyotes, and burning permits.

Noted snowmobile tracks in the north meadow of Musser Park and coordinated an email blast with Mayor and City Clerk to clarify that motorized vehicles are not allowed in the City Parks. Snowmobile tracks were likely made by someone unfamiliar with City park rules.

Winter snows have so far not caused any significant tree damage to our City trees.
