

Item 3G**Sunfish Lake Engineer's Report for February 10, 2026**

By: Justin Messner, PE
City Engineer

Date: February 4, 2026

This Engineer's Report summarizes the engineering activities during the month of January.

1. Engineering Activities Undertaken in the Month of January

- A. Staff participated in a meeting organized by the Lower Mississippi River WMO (LMRWMO), which is beginning a watershed modeling project to create a GIS-based water quality model for the area—including Hornbeam Lake and Sunfish Lake. These models will help the LMRWMO and its member cities assess current conditions and identify both challenges and potential projects. Additionally, staff supplied historical records and previous project data related to the City of Sunfish Lake, which will be used in developing the models.

2. Public Works Activities Undertaken in the Month of January

- A. During January, multiple snow and ice incidents required staff to organize additional citywide plowing and salting operations.

3. Building and Site Reviews in the Month of January

- A. None.

4. Anticipated Engineering/Public Works Activities for the Month of February

- A. Staff will begin preparing a quote request package for pavement maintenance (rejuvenator) for the following roads in 2026:
- Grieve Glen Road
 - Zender Road
 - Angell Road (east)
 - Sunny Side Lane

The above constitutes the Engineer's Report for the City of Sunfish Lake for February 10, 2026.

Respectfully submitted,

Justin Messner, PE
City Engineer
