Forester's Report for June 2026

Hornbeam, Sunfish and Horseshoe Lakes had no outflow during June 2026.

One burning permit was issued in June.

All young Arbor Day trees from years' past in Musser Park were pruned as needed and competing invasive species were cut back around them. The invasives around these young trees were spot treated with brush killer. Tree protection cages and tubes were removed, reinstalled as needed, and debris was removed from the park.

Continued to develop information for Musser Park Restoration Project.

Street edges were mowed in mid-June.

Met with Morgan's Tree Service on June 30 about clearing trail in Harmon Park like they had done recently in Musser Park. Since quote was substantially lower than had been expected I scheduled trail clearing for about mid-July.

Water samples from all three lakes were collected and handed over for processing.

Pruning to improve sight lines to street signs throughout the City was completed.

Terms and Conditions:

The following are terms and conditions agreed to by the client upon acceptance of job proposal.

Concealed/unknown contingencies:

The client agrees to pay Morgan's Tree Service for any additional work required to complete a job if any foreign materials including but not limited to brick, metal pipe, concrete, chain etc. are encountered in the tree. This also includes any mammals or stinging insects. The compensation will be based on time and materials required to complete the job as proposed.

Hazardous Conditions/Risks:

Morgan's Tree Service makes no warranty that work performed as a result of this proposal will prevent tree failure or warrantee tree health in the case of a storm or other natural event. Though proposals are intended to account and reduce this risk, Morgan's Tree Service Inc. provides no warranty that all hazardous conditions can be detected.

Insurance:

Morgan's Tree Service carries two million dollar insurance against liability resulting from personal injury or property damage related to work performed on client property. All employees of Morgan's Tree Service Inc. are covered by workman's Comp. insurance. Proof of insurance is available on request.

Ownership:

The client asserts that all trees, shrubs, yard area and property upon which the work is to be performed is either owned by the client or permission has been granted by the rightful owner. The client indemnifies and holds harmless Morgan's Tree Service against any and all claims resulting from the client's failure to obtain the proper permissions. The client assumes all responsibility for providing accurate property markers.

Payment:

Payment is due upon completion of project named in this bid unless other arrangements have been made in advance. We impose 1.7% monthly on outstanding balances past due by 30 days.

Underground Utilities and Irrigation Systems:

The client indemnifies and holds harmless Morgan's Tree Service Inc. against any claims resulting from damage to underground utilities including irrigation systems. It is the responsibility of the client to mark all utilities including any installed by the client.

Lawn and Landscape:

It is the responsibility of the client to remove any outdoor furniture, landscape lighting, compost bins, or any other non-permeate landscape in the area where this work is to be performed. Morgan's Tree Service is not responsible to replace any non-permanent landscape or outdoor furniture upon completion of this project. Unless noted in this bid, Morgan's Tree Service does not warrant any damage to lawn as a result of falling wood. Trees can be removed without dropping any logs on the lawn for an extra charge.

Planting:

Morgan's Tree Service guarantees the health of the trees for one (1) year starting at the time of the planting if the customers follow the recommendations at the time of the planting. Customers will be given instructions for recommended care for the health of the tree(s) at the time of purchase/planting. These recommendations are subject to change due to changing climate conditions such as, but not limited to, drought or heavy rainfall. After one (1) year, Morgan's Tree Service's liabilities for the health of the planted tree(s) is transferred to the customer/owner of the tree(s).
